NAVAL SECRETARY ARRIVES IN CITY OF RICHMOND

Met at Standard Oil Wharf by Mayor O. R. Ludewig, City Councilmen and Several Department Heads and Prominent Standard Oil Officials—Expresses Himself as being Pleased With Richmond as a Coming Industrial City and Stated That He Was Surprised at the Ideal Sites in This Vicinity for a Naval Base for Federal Government—Will Be Heard From Soon.

Assistant Secretary of the Navy F. D. Roosevelt, as per arrangements, arrived this morning at the Point Orient wharf, accompanied by Rear-Admiral Pond, U. S. and several naval officers from Mare Island, and was met by Mayor O. R. Ludewig, members of the city council and several heads of departments of the municipality. L. D. Dimm and other Standard Oil officials were also on hand to meet the distinguished visitors.

As soon as the party landed from the torpedo boat the visitors were escorted to waiting automobiles and were taken on a tour of inspection about the city. All the principal places of vantage were visited and the naval head seemed to be enthusiastically impressed with what he saw.

Point San Pablo, Point Potrero, and in fact the entire waterfront from Point San Pablo to Point Isabel was viewed by the party. Secretary Roosevelt in conversation with Mayor Ludewig stated that he had occasion to study a map of Richmond and vicinity while in Washington and was somewhat familiar with the lay of the land, but that he had been agreeably surprised at what he saw here. He stated that the inner harbor site was an ideal one for deep water ships to discharge their cargoes and that the vicinity of Point Isabel would make a good naval base site.

After the party had concluded an inspection of the Standard Oil refinery and a site for a fuel oil depot the automobiles made a bee-line for Berkeley. Mayor Ludewig accompanied the visitors as far as the University City, returning shortly after 1 o'clock this afternoon.

CRAZY WOMAN SAYS OFFICER IS HER COUSIN

A woman giving her name as Mrs. Minnie Barry and residence as San Francisco was picked up at a late hour last evening by Officer Barry. She was booked at the police station for acting in a crazed condition, in that she kept up a rapid fire talk of throwing away $5.00 gold pieces.

The cigars are on Officer Barry for the reason that when the woman was questioned as to whether or not she had any relatives in this city stated that the arresting officer was a cousin of hers.

ELABORATE MAY DAY PARTY IS BEING PLANNED

A May Day party that promises to be a very elaborate affair is to be held on the afternoon of May 1st, at the home of Mrs. H. A. Stiver, 135 Thirteenth street, at which time that popular matron will be assisted in entertaining the fifty invited guests by Mrs. W. S. McRacken.

The invitations for the party were sent out this afternoon, a number of which will bring several prominent society leaders from Oakland, Alameda and Berkeley.

FUNDS MADE AT THEATER PARTY USED IN 1915

The funds received from the theatre party to be held at the Oakland Pantages theatre this evening by the members of Stotsenberg Camp, Spanish War Veterans, will be used for the 1915 National Encampment to be held at the Fair grounds.

A special car has been chartered to carry the members of the local camp to gether with the Ladies' auxiliary and their friends to 12th and Broadway, Oakland.

Officer Depew Finds Man--Dies at Hospital

The funeral of Patrick B. Moran, aged 68 years, who died at the Craven hospital on Wednesday evening following a critical attack of heart trouble, will be held from the Smallwood undertaking parlors on Monday afternoon at 2:00 o'clock, the interment to be in Sunset View cemetery. Everything known to medical science was done by Dr. U. S. Abbott and the medical staff at the hospital to help the sufferer but all efforts of the attending physician were in vain.

Moran was a bachelor living in a small hut near East Shore park, and was taken suddenly ill at his home on Wednesday evening, April 8th, and having a premonition that he was about to die, started for a neighbor's house where he told them of his plight and received medical attention.

Half an hour after leaving his home for that of his neighbor's, Moran was found wandering about by Officer Depew, who sent in an emergency call for Dr. U. S Abbott. Dr. Abbott was soon on the scene and seeing that the man was in a precarious condition rushed him with all possible haste to the Craven hospital where with the aid of hypodermics life was prolonged until Wednesday evening.

First Band Concert To Be Held Sunday

At a meeting of the Richmond band held last evening it was unanimously decided to give an open air concert on Sunday afternoon, April 29th, between the hours of 2 p. m. and 4 p. m. The concert will be held on the vacant lot, corner of Tenth street and Nevin avenue.

The band will give the free concert as a preliminary to circulating petitions to have the city council set aside a sufficient sum to permit of weekly band concerts during the summer months. The program for the concert will be announced the first of next week.

AIRSHIPS TO PASS OVER RICHMOND NEXT MONDAY

If the people of Richmond will change their habits on Monday afternoon next and look Heavenward for a while they may see a flock of airships sailing over this city. The pleasantry about changing habits doesn't apply to everybody, but we wont name those that are exempted.

Arrangements have been made whereby, if possible, a number of the machines starting in the Panama-Pacific Exposition race will race from San Francisco to Bakersfield and will sail over Richmond.

E. Carl Wallen, the famous Examiner photographer, who has gained a national reputation through his daring in doing camera work from speeding air crafts, is Richmond's friends in this instance, who is an official of the race, has succeeded in having the air fleets split so that a portion will fly over this city.

The airships will fly about 1000 feet above the earth in their flight, it is said.

The fleet of air crafts may be expected to pass over this part of the earth about 1:30 Monday afternoon. It is thought that some records will be broken in this flight to Bakersfield. The race is the first of the kind ever held in the west.

GREAT CHIEFS TO INVADE THIS CITY TUESDAY

War whoops will resound on next Tuesday evening in the vicinity of Pythian hall when the members of Onetah Tribe, I. O. R. M., will be hosts to the great chiefs of the order at a "heap big time" to be followed with a banquet.

Some of the redskins who will be present on that evening are Great Sachem W. Twolme, Great Senior Sagamore Robert Lincoln, Great Keeper of Wampum S. I. Wilcox, and Great Trustees Edgar Levy and W. Hanson.

The committee which will have charge of the evening's affair are W. B. Smith, J. Church, W. Patton, A. E. Stull and W. H. Miller.

CLUB MEMBERS WILL MEET ON NEXT MONDAY

The members of the Mendelssohn club will meet at the home of Mrs. Rowena Ferguson, 420 Eighth street on Monday afternoon at which time the afternoon will be given over to the American literature.

The program for the afternoon follows: Reading on American literature, Mrs. E. B. Smallwood and Mrs. Harry Adkison; piano solo, Mrs. J. O. Ford; vocal solo, Mrs. G. H. Stokes and reading, Mrs. John Moyle.

Many a man would like to start a "square deal" magazine so he would have a chance not to give any of his enemies a square deal.

INDUSTRIAL COMMISSION HOLDS A MEETING TODAY

The Richmond Industrial Commission met in San Francisco today and discussed the water bond proposition and the matter of having the Rivers and Harbors Committee of Congress visit Richmond when it comes to this state in June.

It is generally conceded that Richmond cannot afford to have this committee visit the state and overlook Richmond, which is giving much fame as one of the cities that is going to prepare for the Panama canal by adding to its harbor facilities. The question of finances as an important one, though. The general opinion is that the city council should make an adequate appropriation and the council is willing to, but there is not enough money in the treasury.

A way of obviating this difficulty has come from members of the council themselves, and that is that the council make the appropriation and that individuals advance the money and be reimbursed by putting the amount, which will be about $3000, in the next budget. The $3000 will be the proportionate share of the entire expense of bringing the Rivers and Harbors Committee to this state. The government does not appropriate for such trips.

STICK WIELDER PLEADS GUILTY--UNDER BONDS

Charles Suckiezi, the Italian who last evening beat up George Nabel, a fellow countryman in a lodging house at the corner of Second street and Barrett avenue so badly that he had to be put under a doctor's care today, appeared before Police Judge Lindsey and plead guilty to the charge for which his bonds were fixed at $250.

Just how the affair started the authorities are unable to explain. When Officers Barry and Betts arrived on the scene Suckeizi was found to have a large piece of a wagon shaft in his hand which was covered with blood while Nabel held a smoking revolver in his hand, the handle of which was badly bloodstained. Much credit must be given to Officer Barry for the heroic manner in which he waded into the affair and placed both men under arrest.

Now that "Doc" Hanley, over at "The Point" has a family of a pretty better half, three kiddies and six rabbits, besides a lunch palace to look after, he manages to be some busy.

WATER DIRECTORS SET MAY 20TH FOR ELECTION

Held Meeting Last Evening in City Hall and Outlined Plan for Educational Campaign—Voters Will Be Asked to Vote $2,500,000 for the Purpose of Securing Adequate Water System for City—Only Those on New Register Will Be Allowed to Vote on Question—Water Demonstration Opened This Morning in Ross Building on Sixth Street, Next to Postoffice.

The directors of the Municipal Water district held their regular weekly meeting in the city hall last evening with all members of the board present, President Levi Boswell presided.

The principal business transacted by the board was the passage of a resolution setting May 20th as the date upon which the electors of the city will be called upon to vote on a proposition of issuing $2,500,00 in bonds to provide for the installation of an adequate water works system by piping water from the Sacramento river direct to Richmond.

The voting precincts in this city will be eight in number, and it is understood that only those electors whose names appear on the new register will be allowed to vote on the proposition.

The matter of officially calling the election and naming the proper officers will be attended to at once and probably by the next meeting of the board all details will be announced to the public.

The campaign committee of the board of directors, composed of J. B. Willis, A. J. Timmons, Attorney D. J. Hall, F. H. Tibbitts and J. S. Chandler, will start an active campaign for the success of the election. Literature telling why the people should vote the bonds will be circulated throughout the city and the public urgently requested to visit the demonstrating plant on Sixth street, which was formally opened to the public this morning. It is expected that the attendance at the demonstrtion will be greater in the evenings on account of the fact that the workingmen of the city have more leisure at that time.

KIDDIES GUESTS OF ELKS AT BIG ICE CREAM FEED

More than 100 kiddies from the Lincoln and Washington grammar schools were the guests of Exalted Ruler H. C. Biggs and Past Exalted Ruler A. C. Lang of Richmond lodge B. P. O. E. at an ice cream "feed" yesterday afternoon in the Elks' building.

The ice cream to which the kiddies were treated was some of that which had been left over from the big Elks' doings held on Wednesday night.

MAKES THEM VERY SORE INDEED

It is amusing to see the antics kicked up by one of our morning contemporaries every time the Record-Herald scores a scoop on some story that happened the evening before and which the eagle-eyed news gatherer happens to overlook.

This paper printed a scoop on Wednesday and another Thursday and our morning contemporary turned a complete summersault each time in trying to explain that what this paper printed as a good story had not happened at all. But the lucidents recited in the said stories did happen and our contemporary's reporter was evidently asleep at the switch. "Nuff sed."

FORMER MOVIE MAN GUEST OF JACK LONDON

Arthur Livingstone, former manager of the Royal theatre on the west side, returned home last evening, following an extended trip throughout the northwest. Livingstone on his return stopped over at Glen Ellen where he was the guest of Jack London, the famous author and playwright for several days.

Livingston said that London is so busy at the present time writing articles for various "movie" concerns and magazines that he has but two hours each day in which to receive visitors.

EAGLES TO HOLD A LADIES NIGHT

The members of Point Richmond Aerie of Eagles are arranging to hold a ladies' night in A. O. U. W. hall on next Monday evening at which time a program and banquet will be staged by a committee of the order composed of J. Brady, L. Michaels, Roy Patterson and W. Brown.

The affair will be one of the jolliest held by the Eagles this year.

INDEPENDENT DEMOCRATIC Official Paper of the City of Richmond

Editorial Department

"To Observations Which Ourselves We Make, We Grow More Partial for the Observer's Sake."

WHY IS MONEY "TIGHT"?

That money is scarce and hard to get may as well be acknowledged first as last, and the cause for it, or multiplicity of causes, if such there be, ascertained if possible, in order that remedies may be applied.

At first glance it would seem that the big bankers of the east, together with other large financial interests, chagrined at the passage by this new administration of a banking law that it fought against, and opposed to a Democratic administration for other reasons and on general principles, as they believe it to be inimicable to their special interests and against their various systems of "high financering," are purposely bringing about a money stringency by refusing to make loans and calling in loans already outstanding, in order to show an object lesson to which they can point the people when another national election shall roll around. How much this sort of a policy has to do with present business stagnation in certain parts of the country is hard to determine, but it is quite possible that it plays no small figure. We have in our time as an editorial writer and observer of events taken notes of just such conditions, brought about by just such methods, in years gone by, and do not put it past the Wall street crowd of financiers to do things like that. Their old method was to bring a panic, but the recent laws passed by this administration have made that practically an impossibility, as it is well known that the government will dump hundreds of millions of dollars into the small banks of the country in event of any more of those old panic schemes being worked, as in 1903 and again in 1907.

But, with charity for all, let it be admitted that this is not the cause for all the present alleged money stringency, for it is by no means confined to the United States, but is world-wide in its scope, nearly every European country being confronted by commercial and industrial stagnation and large armies of unemployed. For one thing, the task of funding the debts incurred by the Balkan states in their recent wars caused a serious disturbance in the world's financial markets, and the effects which must follow the financing of Mexico's indebtedness are not to be contemplated with perfect equanimity. Not the least of war's ill consequence is that it levies an imperative tax on the world's financial resources which can be paid only at a sacrifice of commercial and industrial interests. There is not a civilized nation that will not have to contribute in terms of self denial and retarded commercial progress, toward the payment of Mexico's war debt, which will run into hundreds of millions.

Another point is that America is the greatest producing nation of the globe and has at this period produced a quantity in excess of the ability of European impoverishment, due to European wars and extravagances generally, to absorb.

We of California are singularly blessed in hat we are feeling and will feel the general slump in finances less than any other section either of this country or the world, because of many good reasons, chief of which being the enormous crops now in sight and the continued unprecedented influx of outside money and immigration here of hundreds of thousands who are bringing money and other worldly goods along with them. Blessed is California. She is in great luck.

And getting still nearer home, Richmond is probably the most favored spot in all California or the entire west in this respect, for the reasons that it is a new community building up very rapidly from outside influx; it is a manufacturing community and draws its revenues from every known port in the world; and also because it is spending large sums of local capital, as well as federal appropriations in public work and improvement, all of which must put millions of dollars into circulation.

If the world is a bit hard up for ready cash just now, we are sorry. In the meantime California is the best place on earth to escape the effects, and Richmond is the most favored locality in California.

Come to Richmond, Mr. World, and "have one on us." We have the price, and expect to keep right on having it.

We let a man rise fast and high
And then with jealous frown
We catch him by the leg and try
Our best to pull him down.

The wages of sin is not always death. Sometimes it is graft.

The ancient roller towel still survives in some communities.

General Villa seems to be unchanged in his determination to make the Spanish walk that way.

Congressman Hobson gave up his seat in the lower house to try for one in the upper. "Bird in the hand."

There are no Bathhouse Johns in California, but there are still a few bughouse statesmen, so-called and alleged.

Congressman Hobson, having lost out all along the line, will now likely have to go to work. Sure he will—with his mouth.

Miss Eleanor Wilson says there is positively no inscription inside her engagement ring. Well, maybe we can get some sleep now.

When you go to a banquet, eat, drink and be merry, for tomorrow you may die, and in the meantime you must listen to the speeches.

The Omaha Bee says the way for Republicans to get together is to get together. Sure, but in the meantime the clawing and swatting goes merrily on.

The many towns that are making loud roars about not getting regional banks don't seem to realize that no matter what kind of a bank you have you can't get money out of it without the collateral.

A Martinez man who moved to Richmond this week was bemoaning the loss of his baggage. A friend asked if it was misplaced or wrongly checked. "Neither," he replied, "the cork came out."

"General" Coxey is making headquarers at the Waldorf-Astoria in New York while recruiting his "army" of unemployed. Good place. Very few people around the Waldorf do much work.

John Lind did not say a word all the time he was in Mexico, but immediately upon his return the big battleships were ordered out, by which we may at least judge that his larnyz was not ossified, petrified or even rusted by reason of his stay in the south.

The spring hat which the beloved wife picks out may be a "dream" all right, as she expresses it at the time of picking it out, but the dream becomes a reality when the bill is presented.

Will Miss Eleanor Wilson make adieux to the White House family immediately after her marriage to the cabinet minister, or make McAdoo do it. This is a rotten pun, but it is the best we have on hand this evening. Please forgive it. It will not happen again.

"Bathhouse John" beat the beautiful young woman who ran against him in Chicago aldermanic contest, by which it may possibly be judged that the ladies are not purifying politics as fast as we thought they would. But maybe it will be different in time.

Glad to see our Mexican policy changing somewhat toward the belligerency. Messrs. Villa, Huerta & Co. might have got it into their heads in time, otherwise, that they could lick the United States. Watching and waiting is a good thing, but there is such a thing as too much of a good thing.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

GREAT INTEREST IN SONG BOOKS

READERS VIEING WITH EACH OTHER AS TO CHOICE OF TWO BINDINGS

"My song book is bound in cloth."

"I got the one bound in paper covers."

"Yes, but the cloth binding will last longer."

"I know it, but the contents are the same, and that's what I have been looking for, the old songs."

That which pleases one may not suit another, and that is the reason why the new book, "Songs That Never Grow Old," is put out in two different styles of binding. The paper-covered edition is sufficiently strong for ordinary purposes, but, of course, the book bound in heavy English cloth is the more durable and will last forever. Both books are bound so that they open flat and they both comprise all the old favorite songs as well as the many portraits of leading vocal artists, some of which are shown in costume.

The Record-Herald is not surprised at the great interest in this offer. It is not unusual for readers to inquire where they can get the words to this old song or that one—some old favorite that has been recalled to memory—and here are all the old favorites bound together in one volume. Indeed, it consists of seven books in one, for in it there are home songs, love songs, patriotic, sacred and college songs, and also operatic and national songs.

Read the song book coupon printed in another column of this issue and learn how you may come into immediate possession of this rare collection.

The 23rd street car line has all kinds of troubles these days dodging ditch diggers which are ripping up the streets of that section of the city in sewer work. Passengers have to transfer around the digger on 23rd street, necessitating some delay and bother, but at the rate the machine is walking along it will reach the northern terminus of that street in a few days.

Stopping a want ad in the Record-Herald, to save money, is like stopping a clock to save time.

INSANE JAP AT COUNTY HOSPITAL

MARTINEZ, April 17.—Z. Zito of Antioch is under observation at the county hospital on a charge of insanity. He imagines his countryman, J. Zito, owes him a bill. Yesterday armed with a sharp knife he proceeded to carve up his namesake whom he slashed about the face with the steel. He was brought here by Constable E. B. Whelihan.

Fight for Lower Fares Is Now On

The petition being circulated by Jack Holliday, of the annexed district, addressed to the state railroad commission asking that fares on the Oakland Traction company's lines from points in Richmond to the county line be reduced to ten cents instead of 15 cents, the present charge, contains now over 1400 signatures, according to the announcement made last evening by Mr. Holliday. The petition also requests that the street car company also issue commutation books at the rate of $3 per month.

The people of this city are eager to have the rates lowered as the sum of 15 cents now charged is considered unjust. The petition will continue to be circulated until a sufficient number of names are secured when it will be finally filed with the commission after which a hearing will probably be set.

EXAMINER TO OPEN NEWS OFFICE HERE

Finding that Richmond is a promising field for many of their best stories, the San Francisco Examiner will open a special office on Macdonald avenue about the latter part of next week. A special reporter from the Oakland branch of the Examiner was in town yesterday looking over the field and will handle all of the Richmond news for that metropolitan daily.

GIRLS CLASS WILL ENTERTAIN TONIGHT

The girls of the Golden Circle church will entertain this evening at a box social to be held in the reception rooms of the church.

The committee which will have charge of the evening's affair follows: President, Mrs. Jesse Kittle, and class teacher, Mrs. J. P. Cornwell.

The new paint on the street cars makes them loom up fine. Look just like Bill Lucas' new necktie coming around the corner in the distance, but that orange color is liable to lose the company the Irish vote.

Nature hangs "has went" on some people and freckles on others, and they seem equally hard to get rid of.

HAVENS GIVES OPTION ON PEOPLES WATER COMPANY

OAKLAND, April 17.—Details of the option signed this morning by Frank C. Havens for the sale of the People's Water company properties to the proposed Metropolitan Water District were completed last night by Charles A. Beardsley, assistant city attorney of Oakland, and Edward F. Engs, attorney for Havens.

The Oakland Bank of Savings is named as the trustee for the proposed water district, the option to purchase being made out to the bank as trustee for the Metropolitan Water District yet to be formed. This was agreed upon as an advisable formality in view of the certain legal and political features involved. The document will be signed by Havens, representing two-thirds of the capital stock of the People's Water company and deposited in escrow in the Oakland Bank of Savings with the certificates for the two-thirds of the capital stock before noon today.

The document provides for the sale of "all of the property of the People's Water company which, in the opinion of the State Railroad Commission, many may be deemed necessary to the adequate water supply of the communities included in the proposed Metropolitan Water District and at a price to be fixed by the State Railroad Commission." The option will expire immediately in the event the forthcoming water district election fails, but will continue in effect until January 1, 1915, if the district is to be formed. A thirty-day extension is provided for in the event genuine negotiations for the purchase of the properties are under way but uncompleted on January 1.

Leaders are important, particularly those of the opposition. Remembering that most of the voting is against instead of for.

LOCAL PARLOR WILL SEND DELEGATES

THREE TO ATTEND GATHERING AT LOS ANGELES

Three delegates from the local parlor of the Native Sons of the Golden West will attend the session of the grand parlor, Native Sons of the Golden West, next Monday. The delegates are W. J. Lane, Andy Summers and F. Patterson.

The Richmond delegation will leave this evening for the City of Los Angeles on the Southern Pacific and expect to be absent from this city for a week or ten days.

LOS ANGELES, April 17.—What promises to be the most largely attended and most active session of the Grand Parlor of the Native Sons of the Golden West assembles here next Monday morning at 10:30 o'clock in the Temple auditorium.

According to the program the forthcoming session will extend over Friday. Grand President Thomas Monahan of San Jose will preside at the session and Grand Secretary Fred H. Jung of San Francisco will be at his post of duty.

A very interesting contest has sprung up between Vallejo and Santa Rosa for this year's Admission Day celebration. Both cities will have goodly delegations of "boosters" at Los Angeles to urge their claims. San Francisco will, without opposition be awarded both the 1915 grand parlor and Admission Day celebration. Modesto will be on hand again to announce that Stanislaus county wants the 1916 grand parlor.

Officers for the ensuing year will be chosen the last day of the session, Friday, April 25. The fact that there are three aspirants for the grand third vice presidency, the stepping stone—by precedent only—to the grand presidency, insures an unusually interesting contest. Three of the present members of the board of grand trustees—Jo V. Snyder of Nevada city, James J. McElroy of Oakland and William P. Cabau of San Francisco—seek this honor, and each will be aided in his campaign by a coterie of supporters from among the membership of his subordinate parlor.

Louis H. Mooser (Presidio 194) of San Francisco, who has served the order for many years, will assume the grand presidency.

Judge John F. Davis (Excelsior 31), of San Francisco, conceded to be one of the State's most brilliant orators and unquestionably the best informed member of the order in California history, will become the grand vice president.

Bismark Bruck (St. Helena 53) of St. Helena, one of Napa Valley's prominent grape growers, who for years has been an untiring worker in the order's "ranks," will be elevated to the grand second vice presidency.

Thomas Monahan (San Jose 22) mayor of San Jose, who has given years of service to the order, and been foremost in aiding all undertakings for the order's benefit, will assume the duties of junior past grand president.

Clarence E. Jarvis (Amador 17), of Sutter Creek, assessor of Amador county, who will have completed his years of service in all the offices within the gift of the grand parlor will retire from "active" service and join the past grand presidents.

Fred H. Jung (Stanford 76) of San Francisco, grand secretary, and John E. McDougald (California 1) of San Francisco, grand treasurer, will, so far as is known, have no opposition for re-election.

The thirty-seventh Grand Parlor will be made up of the following

Junior past president, Clarence E. Jarvis; grand president, Thomas Monahan; grand first vice-president, Louis H. Mooser; grand second vice president, John F. Davis; grand third vice president, Bismark Bruck; grand secretary, Fred H. Jung; grand treasurer, John E. McDougald; grand marshall, Harry G. Williams; grand inside sentinel, Chas. P. Mosconi; grand outside sentinel, William J. Farrell; grand organist Henry G. W. Dinkelspiel; historian, Daniel Q. Troy; grand trustees, Wm. F. Toomey, Jo. V. Snyder, Fairfax Wheelan, James J. McElroy, Wm. I. Traeger, William P. Caubu, Judge John J. Van Nostrand.

Board of Appeals — Harry I. Mulcrevy, Fred A. Stephenson, Bernard J. Flood, W. H. L. Hynes and J. Clem Bates.

Past Grand Presidents—John H. Grady, Major A. F. Jones, Fred H. Greeley, Dr. Charles W. Decker, W. H. Miller, R. M. Fitzgerald, Thomas Flint, Jr., Frank H. Dunne, Henry C. Gesford, George D. Clark, Wm. M. Conley, Frank Mattison, Frank L. Coombs, Lewis F. Byington, Hugh R. McNoble, Charles E. McLaughlin, Walter D. Wagner, Judge Maurice T. Dooling, C. M. Belshaw, Jos. R. Knowland, Daniel A. Ryan and H. C. Lichtenberger.

ANTI-SALOON LEAGUE FOUNDER HERE SUNDAY

It has been announced that Dr. Howard H. Russell, founder of the anti-saloon league, will be in Richmond on next Sunday and will address the people of the city at the Presbyterian church. His talk will begin at 3 p. m.

Dr. Russell's address will prove of unusual interest to the people of Richmond at this time when the wet and dry question is uppermost in the minds of the people. The distinguished speaker has gained a nation-wide reputation as being a man who knows more about the prohibition question than any other person in the whole United States. At the convention at Columbus, Ohio, November 10th to 13th, when the national prohibition campaign was launched Dr. Russell delivered an address on "The League God's Plan."

YEOMEN HOLD A PIE CONTEST

Those who proved to have immense pie appetites were James G. Clark, Councilman W. L. Lane, Herbert Courier, Mrs. Ray Ross, Mrs. Eunice Courrier, R. L. Kohr, Mrs. Nellie Kohr and Cy Langford.

EAGLES INITIATE AND HOLD BARBECUE

Point Richmond Aerie of Eagles, at its regular meeting held in A. O. U. W. Hall last evening initiated fifteen candidates following which a monster barbecue was served. The meat in the barbecue had been specially killed for the occasion under the supervision of Dr. C. R. Blake, also a member of the local lodge.

Dr. Frazer was an outgoing passenger to San Francisco last night, going over to attend some Masonic doings, or saw somebody's leg off, or something.

TRLLLEY RIDE PLANNED BY C. E. MEMBERS

Arrangements for a "Midnight Trolley Ride" are being made by the members of the Christian Endeavor societies of the east bay counties which will be held on the evening of May 8th. It is planned by the committee in charge of the affair to charter a special car which will leave Haywards early in the evening coming directly through to Richmond, where the Endeavors will be entertained at a basket social to be held at the Presbyterian church.

BARACA BOYS HAVE BIG TIME

The Baraca Boys of the Calvary Baptist church held the most successful stag party of its history in the Baraca club rooms, and gym last evening. The first on the program was the boxer uprising fought by E. Hitchcock, and W. H. Kelley. Second was the Biscuit Shoot, the contestants were Ralph Lewis and Charles Wees. This was the most amusing thing on the program. The two fellows boxed in barrels. Two boxing matches followed between R. Royal and George Bowdich, and E. Hitchcock and P. O. Lord. Exhibition bag punching was given by R. Lewis, and Dr. March. Gymnastic stunts followed each other in quick succession. The class gave some of its yells, sang the national Baraca song, and then got down to business.

A good deal of important business was transacted. Three new members were voted into the club. Arrangements were made for an all day picnic on Memorial day. The class voted to buy a volley ball. The committee on rent reported that the entire amount necessary had been raised. That is the two classes, the Baraca and Philaphea have again shown themselves equal to anything.

The social committee then finished its program by serving ice cream and cake. After the refreshments a few speeches were made, Ralph Lewis introducing the speakers. They were Rev. W. S. Stewart, the teacher, Dr. I. March, A. Murphy, the president, E. Hitchcock, the vice president, and P. O. Lord, the secretary. All of the fellows went to their homes, declaring that the social committee headed by R. Lewis, had given them the best entertainment ever held in the Baraca club rooms.

JOLLY NEIGHBORS GUESTS AT PARTY

The Jolly Neighbors' Whist club was entertained at a very enjoyable party held at the home of Mrs. R. H. Spiersch last evening. Those present at the affair were Mrs. Ernest Watson, of San Francisco, Miss Hornick of New York, Mrs. R. K. Marston, Mrs. D. L. Coleman, Mrs. E. T. Kelley, Mrs. W. G. Braine, Mrs. C. R. Blake, Mrs. W. J. Caser, Mrs. H. W. Lunceford, Mrs. F. E. Adams and Mrs. R. H. Spiersch.

HOMESTEADERS TO HAVE WHIST PARTY

The whist party to be held in A. O. U. W. hall on the evening of April 24th, by the members of Richmond lodge of Homesteaders, promises to be a very enjoyable affair. A number of excellent prizes have been secured for the occasion which should draw a number of the whist devotees to the party.

Since the filteration demonstration opened up in the building next door north of the postoffice many people are dropping in there and drinking water who haven't drank any before in years. Guess it's good water. A big herd of local Elks were in there today, but they were just looking around.

CHAT AND DOPE BASE BALL

After sizing up both the Keiyo University nine and the Richmond squad it looks as though both teams are pretty evenly matched for the coming game which is to be played at the Grove street grounds in Oakland on Sunday afternoon.

The Keiyo team that is to tangle with the locals is the same indentical bunch of ball tossers who on last Saturday played the fast University of Washington nine, and after a hard fought nine inning contest were finally defeated by a [illegible] 1 score. This shows that the [illegible] brown men must have the goods with them, as the Washington pellet slammers have cleaned up every team in the Northwest league.

Delving further into the baseball books we find that this self same Keiyo nine on the afternoon of January 14th handed Manager Jimmy Callahan's White Sox a stinging 5 to 2 defeat at Honolulu, which shows that the far easterners have played with some of the fastest players now in the running for the 1914 pennants.

The lineup for the University boys follow: Manager, T. Kinshima; captain, K. Sugase; pitcher, S. Shimsna, catcher; first base, Y. Sassa; second base, S. Abe; shortstop, D. Miyake; third base, H. Koshito; left field, S. Mori; center field, S. Takama; right field, K. Togasho.

MAYOR IN ACTION

Arrangements are being made by the management of the Richmond Baseball club to get Mayor Ludewig to toss the first ball of the opening of the Contra Costa Baseball league across the plate Sunday afternoon, April 20th. The mayor would probably need a little practice in the are of a windup so that the ball when released would not soar over the grandstand.

The names of several prominent people have been suggested for the catcher's position to receive the first ball tossed over, one of which is City Editor J. L. Kennon, who, with his great averdupois might offer some resistance to the pellet, another is that of Chief of Police Arnold, while a third fan suggests that City Clerk Faris should receive the official position.

OSBORNE MAKING GOOD

"Billy" Osborne, remembered by many old fans as the crack team mate of Bill Burns, and who, up until a few weeks ago, held the coveted position of third baseman on the Modesto Reds, from which team he was grabbed by Chico, of the Trolley League, is reported as to be playing exceptionally fast ball.

A shift has been made in the alignment of the Martinez baseball team by Magnate McNamara. Connick will play short hereafter and Mora goes to right field. The positions for next Sunday's game with the Redwood City players is as follows:

Redwood City—Keating, p; Mahler, c; Williams, 1b; Kennedy, 2b; Griffin, 3b; Smith, ss; Turner, lf; DeNike, cf; Wilson, rf.

Martinez—Wilcox, p; Jockson, c; Ludden, 1b; Murray, 2b; Garrison, 3b; Connick, ss; Vanni, lf; S. Mersic, cf; Mora, rf; Mersich, Coats, extra.

LOCAL MENTION

Pertinent remarks about well-known people in richmond and happenings about town.

With the merchants giving away automobiles and Stan. Philpott giving every new baby that comes to town a new pair of shoes, the high cost of living in Richmond is gradually coming down. Porterhouse and Manhattan cocktails, however, still remain the same.

Pat Dean got quite excited today when the assistant of the navy showed up in Richmond, and he thought maybe the Mexican demonstration was going to extend up this way and maybe he and Julius Stiefvater would have to go up on Nicholl Nobb and fire a salute.

And speaking of new automobiles, A. C. Winkler, the well known carpenter and contractor of the San Pablo Villa tract is getting one, and is enlarging his garage to make room for it. He already has one, but will use that for freight and the other for passengers, all the same Santa Fe and S. P.

The local judicial campaign seems to be lagging—sort of watching and waiting policy, as it were, and in fact as it is. Attorney Alvarado will not announce his candidacy for the judgeship positively as yet, and so Attorney Odell is treading water also, but Attorney McKenzie at Martinez has troubles of his own.

Attorney Delap says the irony of fate is always more or less in evidence. His partner, Horner, can have new babies arrive at his house, while he, Delap, has to remain a maverick on the range of life, unroped, unbranded, a milestone on the highway of time illustrating that there is little difference between a shining mark and an easy mark.

The J. C. Owens realty company are soon to move into the corner store of the new Elks building, where they can put on all kinds of style and be admired by the passing public through the big plate glass windows. Van der Zweipe is going to have a new silk hatband adjusted and Boone is negotiating for a diamond scarf pin to match up with the surroundings. It is sure some fine location and business ought to boom.

The automobile delivery put on by both the East Side and Golden Gate groceries are great improvements over the old one-horse shays, and get around with speed. Richmond is getting so prosperous that most everybody has automobiles now days, and if it keeps up the news hustlers on this great family paper are going to get one apiece as soon as that proposed factory gets started on the Brown-Andrady tract that is to make em for about $350 each, dollar down and a dollar a week the rest of your life.

The Municipal Paving company has been fixing up its offices in the Berry building, 8th and Macdonald in fine shape and is to open an addition to it. Mr. Wahl, formerly manager of the Barber company in San Francisco, which company recently went out of the paving business to devote its time to the oil industry, has bought a controlling interest in the Municipal company, and is now resident manager here. Mr. Wahl is one of the nicest gentlemen around the bay, in every way, and Richmond is glad to have men of his calibre and ability become identified here.

Richmond did not get a regional bank, but will benefit by the fact that San Francisco did, as San Francisco is getting to be quite a large suburb of Richmond now, in which we are all more or less interested. In the meantime Richmond has three of the best and the strongest local banks in the state and they are all as busy as bees shoveling in money in one coal shute and counting it out through the windows, the "chute," however, doing the larger business, as several tons remain on hand all the time to work for interest payments and dividends. The towns that have the big payrolls are the ones that go right along in the march progress, never stop growing and building and know no such things as panics and money stringencies.

Everyone is urged to practice economy, and the world hates a stingy man. This being quite a funny world, if you happen to bring your sense of humor with you.

Sometimes the holiday numbers of the magazines make the gentle reader wonder what was the hurry to get them out a month ahead of time.

Spring, which usually wears so few clothes on the magazine covers, is apt to feel in style this joyous season.
